

## FIELD ELEMENTARY (K-6)

3600 East Sierra Madre  
Blvd

Pasadena, CA 91107

(626) 351-8812

Year Built: 1949

Site Acreage: 6.80

Grade Levels: K-6

Enrollment: 357

Permanent Capacity: 575

Classrooms:

Permanent: 23

Portables: 6

### Assessment Summary:

A key feature of this school is its attractive curb-appeal as a result of its original, relative un-altered, historical Post-war architectural building style coupled with ample and beautifully landscaped lawns along Sierra Madre Blvd.

Areas in need of improvement observed by the Planning Team during an initial site tour, mainly the repair of its asphalt surfaces, have since been re-paved by the district, leaving other areas as candidates for modernization or maintenance programs as identified in the Immediate Needs Projects List. Among them, includes the modernization of the Cafeteria, Kitchen and Multi-purpose Room as well as the upgrading of electrical, lighting and plumbing systems or features and connection of the public address system to the Pre-K classrooms. The installation of shade structures at play areas is also called out for immediate attention.

Other site concerns were attention to replacement of old chain-link fencing along its perimeter and installation of added fencing and gates to mitigate the sites porosity.
