

# PUSD FACILITIES PROJECT LIST

## Facilities Master Plan

This project list is part of PUSD's Facilities Master Plan, which was developed through an extensive process that involved community members, parents, school and district staff.

## Facts about PUSD School Facilities:

- Most campuses are 50 – 75 years old and need repair
- One local bond in 40 years to repair or upgrade schools
- Infrastructure does not meet modern educational needs

## Measure TT

On November 4, Pasadena Unified School District voters will be asked whether to pass a \$350 million bond to repair and upgrade our aging and deteriorating schools.

## Highlights of Measure TT

- Make All School Campuses Safe, Secure and Accessible
- Provide Equal Access to High-Quality Learning and Recreational Facilities
- Enhance Student and Teacher Access to Technology
- Use Green Technology For Healthy and Efficient Buildings
- Ensure Strict Independent Oversight and Accountability

## Fiscal Impact

- Measure TT funds would make PUSD eligible for another \$115 million from other sources
- Costs Approximately \$44.63 Per \$100,000 of **assessed** – not market – property value.
- The average homeowner would pay \$9.54 per month or 31 cents per day.

## Blair International Baccalaureate School 1201 South Marengo Avenue, Pasadena, CA 91106

## Proposed Project List:

- ▶ Construction of outdoor performing arts amphitheater improvements, including provision of a roof structure or construction of a new auditorium
- ▶ Bring site to ADA compliance by creation of ramps, lifts, elevators and repaving.
- ▶ Construction of new science building
- ▶ Artificial surface field and stadium upgrades
- ▶ Provide new fire sprinkler system throughout campus and fire alarm devices
- ▶ Replace HVAC system
- ▶ Replace old electrical panel board with adequate branch breakers with increased capacity
- ▶ Provide access to amphitheater and access to pool and pool deck
- ▶ Modernize locker, shower and change areas
- ▶ Replace drinking fountains with ADA features
- ▶ Replace underground sewer piping
- ▶ Provide additional data outlets in classroom building A.
- ▶ Improve natural and artificial lighting
- ▶ Replace existing lighting with high-efficiency lighting
- ▶ Define main entrance to include redesign and rearrangement of administration spaces to conform to new entrance area
- ▶ Separate domestic/fire/irrigation water meters
- ▶ Provide a multi-purpose artificial field and track

## Transparency & Accountability

- Independent citizens oversight commission mandated by law to monitor allocation of bond funds
- Annual report to the public
- Public website to track progress on all projects
- Long-term Facilities Master Plan, updated quarterly and annually
