

PUSD FACILITIES PROJECT LIST

Facilities Master Plan

This project list is part of PUSD's Facilities Master Plan, which was developed through an extensive process that involved community members, parents, school and district staff.

Facts about PUSD School Facilities:

- Most campuses are 50 – 75 years old and need repair
- One local bond in 40 years to repair or upgrade schools
- Infrastructure does not meet modern educational needs

Measure TT

On November 4, Pasadena Unified School District voters will be asked whether to pass a \$350 million bond to repair and upgrade our aging and deteriorating schools.

Highlights of Measure TT

- Make All School Campuses Safe, Secure and Accessible
- Provide Equal Access to High-Quality Learning and Recreational Facilities
- Enhance Student and Teacher Access to Technology
- Use Green Technology For Healthy and Efficient Buildings
- Ensure Strict Independent Oversight and Accountability

Fiscal Impact

- Measure TT funds would make PUSD eligible for another \$115 million from other sources
- Costs Approximately \$44.63 Per \$100,000 of **assessed** – not market – property value.
- The average homeowner would pay \$9.54 per month or 31 cents per day.

Madison Elementary School 515 Ashtabula, Pasadena CA 91004

Proposed Project List:

- ▶ Restore auditorium to its historical prominence; make it accessible to community by remodeling its main entrance
- ▶ Modernize cafeteria and kitchen, and provide a lunch shelter near cafeteria. Provide ventilation or air conditioning to kitchen, cafeteria and multipurpose room
- ▶ Provide second trash enclosure on site in proximity to kitchen/cafeteria. Create new delivery driveway to include new trash bin area on Madison Ave.
- ▶ Separate domestic/fire/irrigation meter
- ▶ Provide shade shelters in playgrounds
- ▶ Provide K playground on south side with shade structure
- ▶ Safety issue: create driveway loop for drop-off and pick-up at north end of campus
- ▶ Provide ADA access to stage
- ▶ Provide ADA drinking fountains at exterior areas
- ▶ Replace old electric panel boards and lighting in the basement of building A with adequate branch breaker with increased capacity
- ▶ Replace plumbing fixture in kitchen and most rest rooms
- ▶ Provide ventilation to library space between ceiling and roof to prevent built-up condensation and eventual water leaks

Transparency & Accountability

- Independent citizens oversight commission mandated by law to monitor allocation of bond funds
- Annual report to the public
- Public website to track progress on all projects
- Long-term Facilities Master Plan, updated quarterly and annually
